

Watergames International srl - WI CAT 12 D

€ 310.000

Description

DAY CHARTER CATAMARAN natante WI CAT 12 D is a 2-level catamaran in CRUISE or DAY CHARTER versions with unique features of its kind, modern and refined design, modern finishes and attention to detail make WI CAT 12 the ideal boat for a tourist trip. Hull, deck and superstructures are made of traditional stratification and sandwich with the use of composite materials. The modern and aerodynamic lines give the WI CAT 12 D a unique style, with an unmistakable Made in Italy imprint. Given its characteristics, WI CAT 12 D enjoys high stability and spaces that normally belong to larger boats. The driving console is provided on the 2nd level. Main deck for Cruise with L shape sofa and sun bathing chairs OR for DAY CHARTER there are seats positioned in bus modes with 2 aisles for a total of 50 seats. The main deck layout includes a 2-seater module and a 3-seater central module with 2 longitudinal corridors. Positioned at the stern there is a VC compartment and a crew ladder to reach the steering console. At the bow there is also the berth of the independent captain and equipped with services. The interiors are made with modern style finishes and colours on customer request. Exteriors At the stern there is an open cockpit measuring over 15 square meters that can accommodate other passengers for another 6/10 p. And the boarding and use area of the tender This solution gives the boat a very large and comfortable stern cockpit for a comfortable life on board. 2nd Bridge It is covered by a rigid Hard-Top with transparent parts, the piloting console is provided in the center and the tender can be positioned with a grate for launching. Motorization, The standard engine consists of two 200 hp EB engines, with axis line, or Hybrid propulsions, and / or 2 petrol outboards of 300 Hp The hulls are symmetrical and suitable for navigation even in rough sea conditions, the engine room is planned in the two aft hulls. THE WI CAT 12 is equipped with hulls with an overall length of 10.00 meters, to fall within the category of boats with an appendix applied that brings the outside all to 12 meters..
